CONSERVATION AND MANAGEMENT MEASURE ON ESTABLISHING A PROGRAM FOR TRANSHIPMENTS BY LARGE-SCALE TUNA LONGLINE FISHING VESSELS

WCPFC-TCC2-2006/DP07

22 September 2006

PAPER SUBMITTED BY THE JAPAN DELEGATION

The Western and Central Pacific Fisheries Commission (WCPFC):

Taking account of the need to combat illegal, unregulated and unreported (IUU) fishing activities because they undermine the effectiveness of the management regime already adopted by WCPFC;

Expressing grave concern that organized tuna laundering operations have been conducted, and a significant amount of catches by IUU tuna longline fishing vessels have been transhipped under the names of duly licensed fishing vessels;

In view therefore of the need to ensure the monitoring of the transhipment activities by large-scale tuna longline vessels in the Convention Area, including the control of their landings;

Adopts, in accordance with the Article 10 of the WCPFC Convention that:

SECTION 1. GENERAL RULES

1. Except under the special conditions outlined below in Section 2 and in accordance with Sections 3, 4 and 5 below for transhipment operations at sea, all transhipment operations of tuna and tuna-like species by large-scale tuna longline fishing vessels1 (“LSTLFVs”) in the Convention Area must take place in port.

2. Each Member, Cooperating Non-Member and participating Territory (collectively “CCMs”) shall take the necessary measures to ensure that LSTLFVs flying its flag comply with the obligations set out in Annex 1 when transshipping in port.

3. This resolution does not apply to vessels engaged in the transhipment of fresh fish2 at sea.

SECTION 2. PROGRAM TO MONITOR TRANSHIPMENTS AT SEA

4. The Commission hereby establishes a program to monitor transhipments at sea, which applies to LSTLFVs and to carrier vessels authorized to receive transhipments from LSTLFVs at sea.

---

1 For the purposes of this Resolution, “large-scale tuna longline fishing vessels” are defined as all longline vessels fishing beyond areas of national jurisdiction and targeting tuna or tuna-like species.

2 For the purposes of this Resolution, “fresh fish” means tuna or tuna-like species that are live, whole or dressed/gutted, but not further processed or frozen.
5. Each CCM shall determine whether or not to authorize its LSTLFVs to tranship at sea. Any such transhipments must be conducted in accordance with the procedures defined in Sections 3, 4 and 5, and annexes 2 and 3 of this Resolution.

SECTION 3. RECORD OF VESSELS AUTHORIZED TO RECEIVE TRANSHIPMENTS-AT SEA IN THE CONVENTION AREA

6. The Commission shall establish and maintain a record of carrier vessels authorized to receive tuna and tuna-like species at sea from LSTLFVs in the Convention Area (WCPFC Record of Carrier Vessels). For the purposes of this measure, carrier vessels not on this Record are deemed not to be authorized to receive tuna and tuna-like species in at-sea transhipment operations.

7. By [1 July 2008], each CCM shall submit to the Executive Director, in electronic format if possible, the list of the carrier vessels that are authorized to receive at-sea transhipments from its LSTLFVs in the Convention Area. This list shall include the following information for each vessel:
   a. The flag of the vessel;
   b. Name of vessel, register number;
   c. Previous name (if any);
   d. Previous flag (if any);
   e. Details of previous deletion from other registries (if any);
   f. International radio call sign;
   g. Type of vessels, length, gross registered tonnage (GRT) and carrying capacity;
   h. Name and address of owner(s) and operator(s)
   i. Time period authorized for transshipping

8. Each CCM shall promptly notify the Executive Director, after the establishment of the initial WCPFC Record, of any addition to, deletion from and/or modification of the WCPFC Record, at the time such changes occur.

9. The Executive Director shall maintain the WCPFC Record and take measures to ensure publicity of the Record and through electronic means, including placing it on the WCPFC website, in a manner consistent with confidentiality requirements notified by CCMs for their vessels.

10. Carrier vessels authorized for at-sea transhipment shall be required to install and operate a VMS in accordance with the standards, specification and procedures to be determined by the Commission.

SECTION 4. AT-SEA TRANSHIPMENT

11. Transhipments by LSTLFVs in waters under the jurisdiction of the CCMs are subject to prior authorization from the Coastal State concerned. CCMs shall take the necessary measures to ensure that LSTLFVs flying their flag comply with the following conditions:

Flag State Authorization

12. LSTLFVs are not authorized to tranship at sea unless they have obtained prior authorization from their Flag State.

Notification obligations

Fishing vessel:

13. To receive the prior authorization mentioned in paragraph 11 above, the master and/or owner of the LSTLFV must notify the following information to its Flag State authorities at least 24 hours in

Each CCM shall ensure that, not later than [1 January 2009], all its carrier vessels that tranship at sea have on board an WCPFC observer, in accordance with the WCPFC Observer Program in Annex 3. The WCPFC observer shall monitor compliance with this Resolution, and notably that the transshipped quantities are consistent with the catch reported in the WCPFC transhipment declaration.

17. Vessels shall be prohibited from commencing or continuing at-sea transhipping in the Convention Area without an WCPFC observer on board, except in cases of force majeure duly notified to the Executive Director.

SECTION 5. GENERAL PROVISIONS

21. Each year, the Executive Director shall present a report on the implementation of this measure to the annual meeting of the Technical and Compliance Committee, which shall review compliance with this measure.

22. These provisions will be applicable from [1 July 2008]. At its 2010 Annual Meeting, the Commission shall review and, as appropriate, revise this measure.
