TECHNICAL AND COMPLIANCE COMMITTEE

Third Regular Session

27 September to 2 October 2007
Pohnpei, Federated States of Micronesia

PROPOSED AMENDMENTS TO CMM-2006-09

WCPFC-TCC3-2007/DP-11
28 September 2007

Proposal by Chinese Taipei
The Western and Central Pacific fisheries Commission (WCPFC):  

Recalling that the FAO Council adopted on 23 June 2001 an International Plan of Action to prevent, deter and eliminate illegal, unreported and unregulated fishing (IPOA-IUU). This plan stipulates that the identification of the vessels carrying out illegal, unreported and unregulated (IUU) fishing activities should follow agreed procedures and be applied in an equitable, transparent and non-discriminatory way.  

Concerned that IUU fishing activities in the Convention area undermine the effectiveness of the conservation measures adopted by the WCPFC.  

Further concerned that there is a possibility that vessel owners engaged in such fishing activities may have re-flagged their vessels to avoid compliance with WCPFC measures.  

Determined to address the challenge of an increase in IUU fishing activities by way of counter-measures to be applied in respect to vessels, without prejudice to further measures adopted in respect of CCMs and non CCMss under the relevant WCPFC instruments.  

Considering the action undertaken in other regional tuna fisheries organizations to address this issue;  

Conscious of the need to address, as a matter of priority, the issue of vessels conducting IUU fishing activities;  

Noting that the situation must be addressed in the light of all relevant international fisheries instruments and in accordance with the rights and obligations established in the World Trade Organization (WTO) Agreement; and  

Recalling the process established in Article 25 of the WCPFC Convention relating to notification and consultation among CCMs to address violations of Conservation and Management Measures.  

Adopts the following conservation and management measures in accordance with Article 10 of the Convention:  

Identification of IUU activities  

1. At each Annual Meeting, the Commission will identify those vessels which have engaged in fishing activities for species covered by the Convention within the Convention Area in a manner which has diminished the effectiveness of WCPFC measures in force, and shall
establish a list of such vessels (the IUU vessel list), in accordance with the procedures and
criteria set out in this Conservation Measure.

2. This identification shall be documented, *inter alia*, on reports from Members, Cooperating
Non-Members and Participating Territories (collectively CCMs) relating to WCPFC
Conservation Measures in force, trade information obtained on the basis of relevant trade
statistics such as Food and Agriculture Organization of the United Nations (FAO) data,
Statistical documents and other national or international verifiable statistics, as well as any
other information obtained from Port States and/or gathered from the fishing grounds which is
suitably documented. Information from CCMs should be provided in the format approved by
the Commission.

3. For the purposes of this Conservation Measure, vessels fishing for species covered by the
WCPFC Convention are presumed to have carried out IUU fishing activities, as defined in the
IPOA on IUU fishing, in the Convention Area when a CCM present evidence that such
vessels, *inter alia*:

   a. Harvest species covered by the WCPFC Convention in the Convention Area and are not
either on the WCPFC Record of authorized vessels or a fishing vessel fishing exclusively
in waters under their jurisdiction, or

   b. Conduct fishing activities in waters under the jurisdiction of a state, without permission
of that State, or in contravention of its law and regulations, or

   c. Do not record or report their catches made in the Convention Area as required by
WCPFC measures in force, or make false reports, or

   d. Take and land undersized fish in contravention of WCPFC Conservation Measures, or

   e. Fish during closures in contravention of WCPFC Conservation Measures, or

   f. Use prohibited fishing gear in contravention of WCPFC Conservation Measures, or

   g. Transship with, participate in joint fishing operations with, support or re-supply vessels
included in the IUU Vessel List, or

   h. Are without nationality and harvest species covered by the WCPFC Convention in the
Convention Area, or

   i. Engage in fishing activities contrary to any other WCPFC Conservation Measures, or

   j. Are under the control of the owner of any vessel on the WCPFC IUU Vessel List.

*Information on Alleged IUU fishing activities*

4. Each member of the Commission, where it has reasonable grounds for believing that a fishing
vessel flying the flag of another State has engaged in any activity that is listed in the Paragraph
3, shall draw this to the attention of the flag State concerned and may, as appropriate, draw the
matter to the attention of the Commission afterward. To the extent permitted by its national
laws and regulations it shall provide the flag State with full supporting evidence and may
provide the Commission with a summary of such evidence. The Commission shall not circulate
such information until such time as the flag State has had an opportunity to comment, within
[two months], on the allegation and evidence submitted, or object as the case may be.

5. The flag State shall, at the request of the aforementioned member, and when provided with the
relevant information, investigate fully any alleged violation of Paragraph 3 by fishing vessels
flying its flag. A report on the progress of the investigation, including details of any action
taken or proposed to be taken in relation to the alleged violation, shall be provided to the

Vessel List to notify the owner of the vessels of their inclusion in that List, and of the
