Dear Professor Hurry,

**FFA Member's proposed changes to the Provisional Agenda for WCPFC9**

I write in my capacity as the Chair of the Forum Fisheries Committee on behalf of the 17 FFA Members. FFA members thank the Secretariat and Chair for making the provisional agenda for WCPFC9 available well in advance of the meeting for consideration by CCMs.

As conveyed in previous correspondence, FFA members are keen to ensure that the time and focus of the Commission at its meetings is directed at areas of highest priority. We are also keen to rationalise the workload of meetings through reduced agendas that allow sufficient time to adequately deal with the conservation and management of the region’s fisheries. To that end, please find attached our proposed revision of the provisional agenda for circulation to all CCMs.

CCMs will note that we propose a new structure that would lessen the time and detail for reports from subsidiary bodies. We believe it will be better to address any recommendations or issues from the subsidiary bodies when addressing specific agenda items rather than taking detailed Chairs’ reports at the start of the meeting. The additional items contained under the agenda items relating to each subsidiary body are from our brief review of the meeting reports, and there may be additional items.

We have also sought to include all relevant agenda items for a given subject together, such as the proposed Agenda Item 4, which contains all VMS matters whereas in the past these have been contained in several different parts of the agenda.
We recognise that it will be equally as important to ensure that the indicative schedule also reflects the relative priority of each item and we are of the view that the proposed restructuring will assist in that regard as well. We look forward to reviewing the indicative schedule as it is developed.

Please circulate this letter to all CCMs.

Yours Sincerely

Dr Sione Vailala Matoto
Chair
Forum Fisheries Committee
