Section VI – Responses to Non Compliance

23. The Commission shall take a graduated response to CCMs identified as having compliance issues, taking into account the type, severity, degree and cause of the non-compliance in question.
24. The Commission hereby establishes an intersessional working group to develop a process to complement the CMS that shall identify a range of responses to non-compliance that can be applied by the Commission through the implementation of the CMS, including cooperative capacity-building initiatives and, as appropriate, such penalties and other actions as may be necessary to promote compliance with Commission CMMs. The intersessional working group shall progress its work electronically to the greatest extent possible and will seek to ensure that all CCMs, particularly small island developing State Members and Participating Territories, have an opportunity to participate. The intersessional working group shall endeavour to develop a process for consideration no later than TCC11 and adoption no later than WCPFC12.
25. Once the Commission adopts a process establishing the range of responses to non-compliance, the TCC shall include a recommendation on the response to non-compliance in its Provisional Compliance Monitoring Report for consideration by the Commission.
