ANNUAL REPORT ON THE ADMINISTRATION OF THE WCPFC DATA ACCESS RULES AND PROCEDURES

WCPFC-TCC14-2018-RP08

29 August 2018

Paper prepared by the Secretariat

Purpose

1. The purpose of this paper is:
 - i. to provide an updated summary of WCPFC non-scientific data holdings. This was initially requested by TCC11 and was presented to TCC12 and TCC13; and
 - ii. to provide a report for the period 1 January 2017 – 31 July 2018 on the administration of the two sets of rules currently in place, namely the:
 - Rules and Procedures for the Protection, Access to, and Dissemination of Data Compiled by the Commission (2007 data RaP); and
 - Rules and Procedures for the Protection, Access to, and Dissemination of High Seas Non-Public Domain Data and Information Compiled by the Commission for the Purpose of Monitoring, Control or Surveillance (MCS) Activities and the Access to and Dissemination of High Seas VMS Data for Scientific Purposes. (2009 MCS data RaP).

List of WCPFC non-scientific data holdings

2. TCC11 requested that the Secretariat summarize the non-scientific data holdings of WCPFC for TCC12 (TCC11 Summary Report paragraph 376). **Annex 1** provides an updated list of WCPFC data holdings.

Access to WCPFC non-public domain data

3. As reported to previous TCC meetings, the Secretariat maintains its system of controls over approvals for access to WCPFC data and information. WCPFC non-public domain data can be disseminated only in accordance with the 2007 data RaP and 2009 MCS data RaP, and following the approval of the Executive Director. Copies of the approved “WCPFC data consideration request forms”, original request and implementation instructions are kept on the WCPFC Information Management System. These protocols, in the past and currently, seem to have worked well with no known breaches occurring.

WCPFC data access 2017/2018

4. A register is required to be maintained by the Secretariat in accordance with paragraph 18 of the 2007 data RaP to record access to all WCPFC non-public domain data. The updated list for TCC14 is provided at **Annex 2** of this paper and relates to the period 2017/2018.¹

¹ For past versions since 2013, please refer to Annex 1 of WCPFC-TCC9-2013-RP06, Annex 1 of WCPFC-TCC10-2014-RP07, to TCC11 in Annex 2 of WCPFC-TCC11-2015-RP07, to TCC12 in Annex 2 of WCPFC-TCC12-2016-RP07 and to TCC13 in Annex 2 of WCPFC-TCC13-2017-RP07

5. **Annex 3** provides a list of all the CCM logins to the WCPFC VMS system during the period covered by this report.

6. In 2017/2018, the Secretariat received and processed sixty three (63) requests from Members and others for specific WCPFC data, some of which related to multiple types of WCPFC non-public domain data. **Annex 4** provides a list of WCPFC data requests which were approved or actioned in 2017/18. It should be noted that despite some requests being standing requests for relevant WCPFC data, automated extraction and provision IT tools are yet to be developed for WCPFC data other than WCPFC VMS and ROP data.

Update to the Register of Authorized MCS Entities and Personnel

7. 2009 MCS Data Rules and Procedures (2009 RaP) paragraph 12 require the Secretariat to maintain a register of Authorized MCS Entities and Personnel. This list is available to authorized CCM users on the secure page of the website at <https://www.wcpfc.int/official-circulars-and-contacts>. Since August 2015, one of these groups of official contact details that has been maintained is the Authorized MCS Entities and Personnel for each CCMs. CCMs are again asked to check and ensure that these are accurate and up-to-date.

CCMs reporting on implementation of MCS data RaP, paragraph 44, covering 2017 activities

8. As with previous years, a question was included in the Annual Report Part 2 covering 2017 activities regarding CCMs implementation of paragraph 44 of MCS Data RaP. CCMs had the choice of answering “Yes” meaning the obligation has been implemented; “No” meaning the obligation has not been implemented; or “N/A” meaning CCM determined that the obligation is not applicable. CCMs also had the opportunity to provide further information on each obligation and/or attach any supporting documentations.

9. Fourteen CCMs answered “N/A” with regards to MCS RaP paragraph 44; 22 CCMs answered “Yes” and provided some further information and 1 CCM have not submitted an Annual Report Part 2. Of the 22 CCMs that answered “Yes”, some provided further information to say that, in summary: data requested is not disseminated and is destroyed in accordance with the rules; CCMs complied with the data retention and destruction requirements; confidentiality of the data received is ensured under regulation; and that processes and procedures are in place to maintain the confidentiality and security of the data.

The Commission has a secure web page that is accessible to Members for sensitive documents, non-public information for meetings or compliance information, such as Register of MCS entities and personnel Register, CNM applications and analyses, draft and Provisional IUU lists. Draft and Provisional Compliance Monitoring Reports, CCMs Annual Report Part 2 and High Seas Pocket Monitoring. In 2014, the Individual CCM portal pages were created (each CCM can access only their own pages and not that of others), and CCMs are provided with supporting information for draft CMRs, as well as an ability to maintain their official contacts list. In 2016 -2018, the CCM portal pages were again used to disseminate supporting information for Compliance Monitoring Reports. In 2018, a VMS reporting list were routinely published on CCM portal pages for each flag CCM, related to their vessels that were listed on the RFV.

The following have access:

- WCPFC staff;
- Office bearers of the WCPFC and Subsidiary Bodies;
- SPC-OFP staff working on behalf of the Commission;
- Consultants for matters related to their tasking with WCPFC;
- Each Member or Territory according to their request.
- Certain representatives of WCPFC-registered inter-governmental sub-regional agencies which are recognized as providing advice and assistance to developing State CCMs participation in WCPFC processes (presently SPC, FFA and PNA).

WCPFC Meeting Server

Has a valid login for each CCM and WCPFC staff

This capability is available to all CCMs after the RFV SSPs came into force in June 2014. FFA is also given access to the RFV as a duly authorized MCS entity on behalf of some of its members.

Compliance Monitoring Report, Annual Report Part 2 and Online Compliance Case File system

A login provided to each CCM to the WCPFC intranet for CCMs to complete their Annual Report Part 2, enter their reply to their preliminary draft Compliance Monitoring Report and to access relevant cases and submit updates on the status of investigations in the WCPFC Online Compliance Case File System. This login is also used for MTU audit data entry by CCMs.

WCPFC VMS Trackwell system

The VMS SmartTRAC system grants individual logins to users of CCMs whose access is administered by the WCPFC VMS Manager, duly authorized as submitted by their official VMS contact. All authorized logins have the permissions to access the relevant areas in their EEZ, if CCM have 'flicked the switch', and any other areas as previously agreed. Backup support is provided by the WCPFC ICT Manager and escalated to the Trackwell service provider as required.

WCPFC e-Transshipment system development – from 1 March to 31 December 2018

The e-Transshipment project moved from planning to implementation in early March and is expected to be ready before end of 2018. The project team includes the project manager Mr. Kim Duckworth, and the three SLA partners of WCPFC, namely, BMC of Pohnpei in Micronesia, Taz-e Ltd of Sydney in Australia and Eighty Options of Tasmania in Australia. All individuals involved in the project implementation are granted access to the necessary WCPFC systems and data within their contracts as approved and signed by the Executive Director.
